C.O. 1367.—The subjoined copy of a Circular from the Under Treasurer, dated 21st February, 1905, is published for the information and guidance of all officers responsible for the collection of Public Moneys:—

“You will be good enough to inform all receivers of Public Moneys in your Department that, from and after the 6th March, cheques are not to be received from the public on account of revenue or other receipts unless the usual Bank exchange is added to the amount due to the Government in those cases in which a cheque is drawn on a branch other than that in the place at which the Public Moneys are collected. For instance, Revenue received at Kalgoorlie cannot be paid by a cheque drawn on a Bank in Perth unless the exchange is added, so also with regard to Revenue collectible in Perth; a cheque drawn on a country branch tendered in payment thereof must have the exchange added.”

Circular Orders and Miscellaneous Information.

C.O. $\frac{6}{1905}$.—The attention of Officers-in-charge of stations is directed to Regulation 621, which must be strictly followed in future. Live stock, the subject of criminal prosecutions, must not be detained and foraged longer than is absolutely necessary, and where possible they should be handed over to the claimant on his giving the necessary guarantee for the production of the animals when required.

In a recent case forage to the value of £7 was issued to certain cattle whilst in the hands of the Police, and on the owner refusing payment of the amount, it was found that the Department was powerless to recover the money by process of law.
